

THINKING ABOUT BECOMING A BACKGROUND PERFORMER?

- Do you need some extra cash or a part-time job?
- Are you a senior who is bored or lonely and would like some extra cash?
- Are you willing to be on set early in the morning if needed?
- Are you able to travel to locations easily via transit or your own car?
- Do you have regular internet access, an email you check regularly and a reliable phone?
- Do you follow through on commitments once made?
- If you're 17 years of age or older, can you work a 12 hour day? (some days can be longer / shorter than others!)
- For children/teens or babies under the age of 17, do you have a chaperone or parent that can supervise all day?
- Can you be patient and quiet when needed?
- Can you legally work in BC?
- Can you work around famous people without turning into a 'fangirl / fanboy'?
- Do you keep a 'standard' hair color (ie: brown/blonde/black/grey,etc..).
Unfortunately as fun as lime green or purple hair can be, it does not blend well into the background of a movie!
- You are both a punctual and reliable person
- Non-Union Background performers make min wage for most shows booked.
*Sometimes rates may be higher depending on needing you for a special skill (ie: playing hockey in a scene).

Being an Extra in the movies & TV definitely can be fun. The Productions provide food regularly on set and you get to meet a lot of interesting people. If you're wanting to apply and are able to commit to the above mentioned responsibilities, please contact us through the "Where to Start" tab on the website, or email christina@bossmanagement.com
